

CASE STUDY:

Kreate Events

PROJECT PARTNERS: Kreate Events

BUILDING USE: 6 Storage Containers for equipment storage at the big game

The Challenge

Kreate Events needed storage space to hold all equipment for the venues surrounding Hard Rock Stadium while they set up all the spaces. For the big game hosted at the renowned Hard Rock Stadium, Kreate Events faced a monumental logistical task in managing and optimizing storage space for all the essential equipment and materials required for the numerous venues and events surrounding the stadium. This encompassed staging equipment, audio-visual systems, lighting fixtures, seating arrangements, food and beverage provisions, and more.

The Solution

Mobile Modular Portable Storage worked with Kreate Events to furnish them with a total of six storage containers, including four 8'x40' and two 8'x20' units, to accommodate the extensive storage needs of equipment and supplies. The one-month lease agreement exemplified their adaptability, aligning perfectly with the intricate timeline of event setup and teardown.
